

enviro & resources

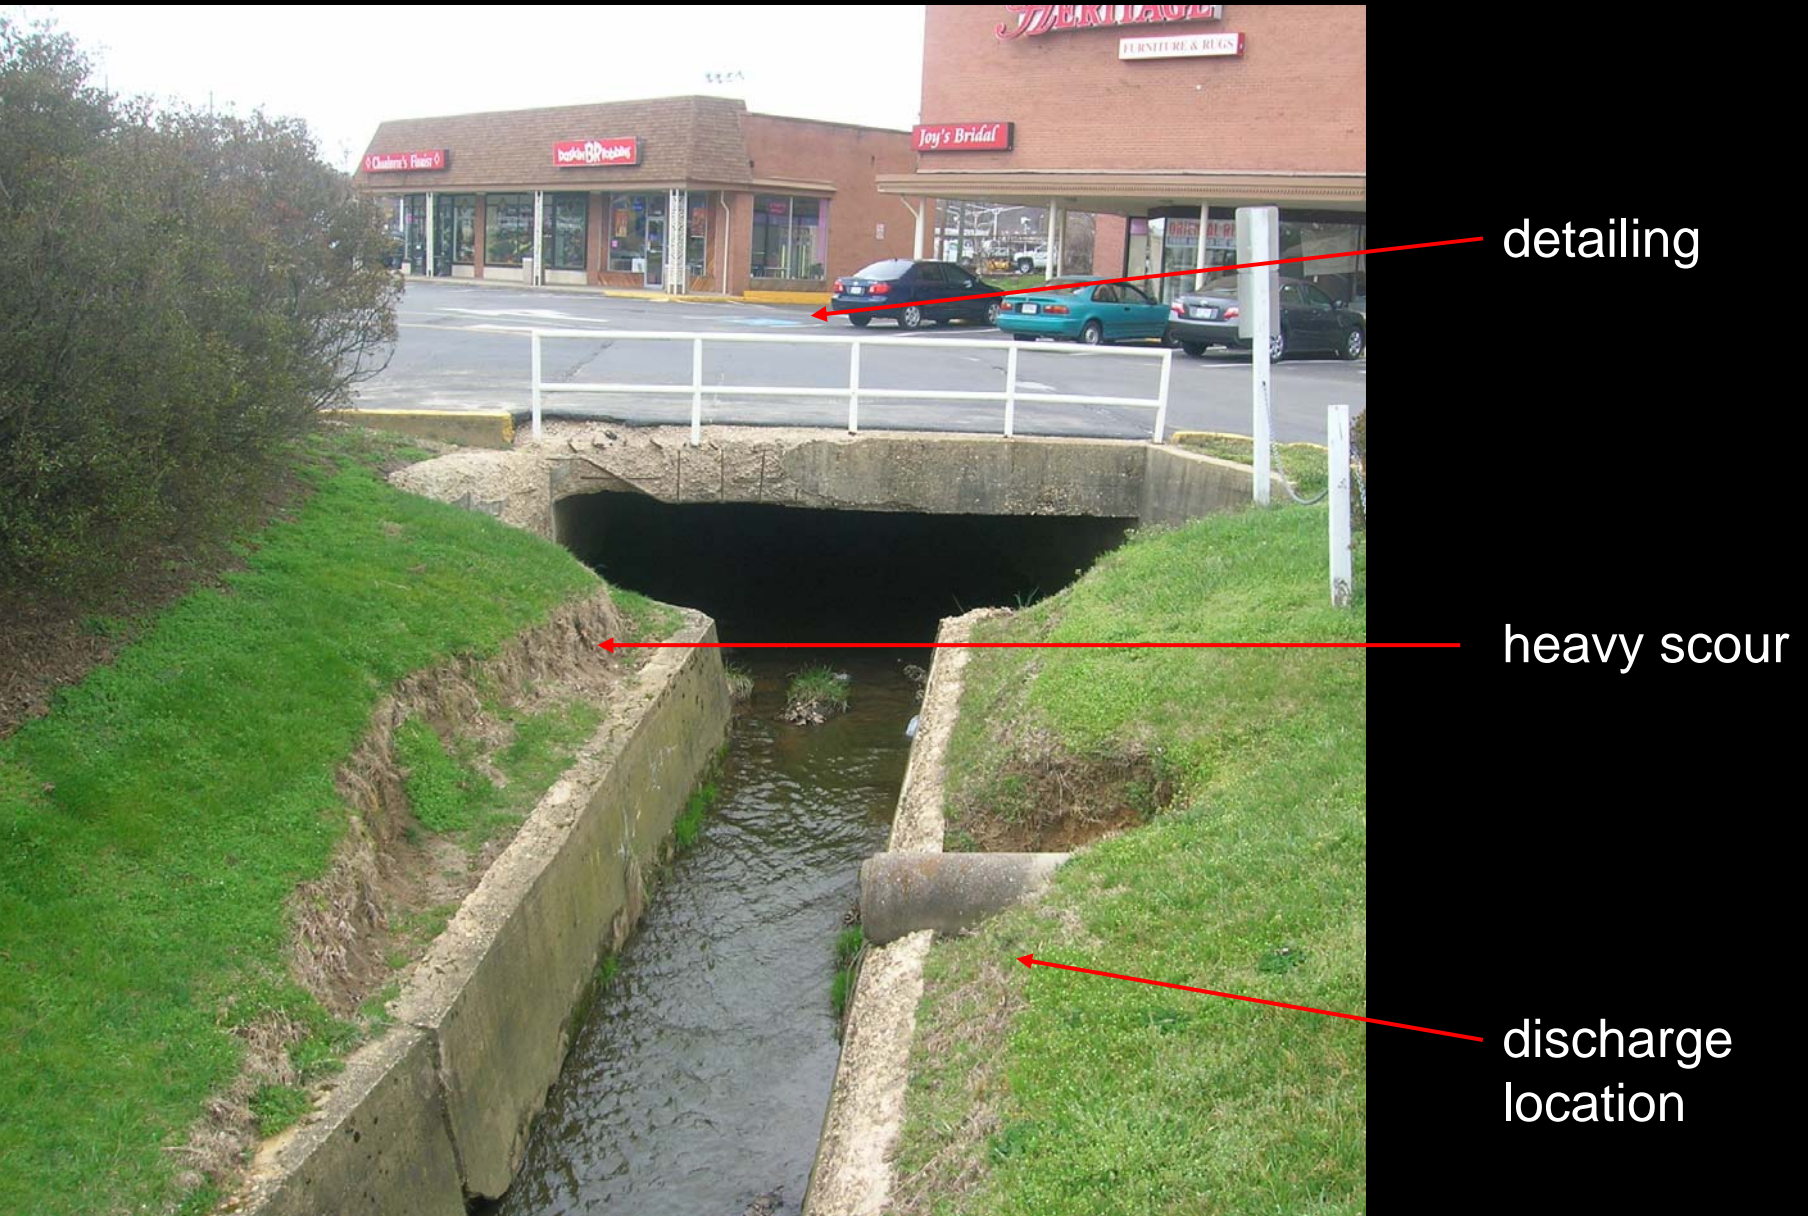

- Accotink Creek watershed
- green streets
- sustainable stormwater
- green infrastructure

existing conditions

North Fork Accotink Creek at Fairfax Shopping Center

existing conditions

North Fork Accotink Creek at Fairfax Shopping Center

hydrological reform

- development of a broad palette of options
- integrated management practices
- incorporate rainwater oriented “civic art” to enhance the human landscape

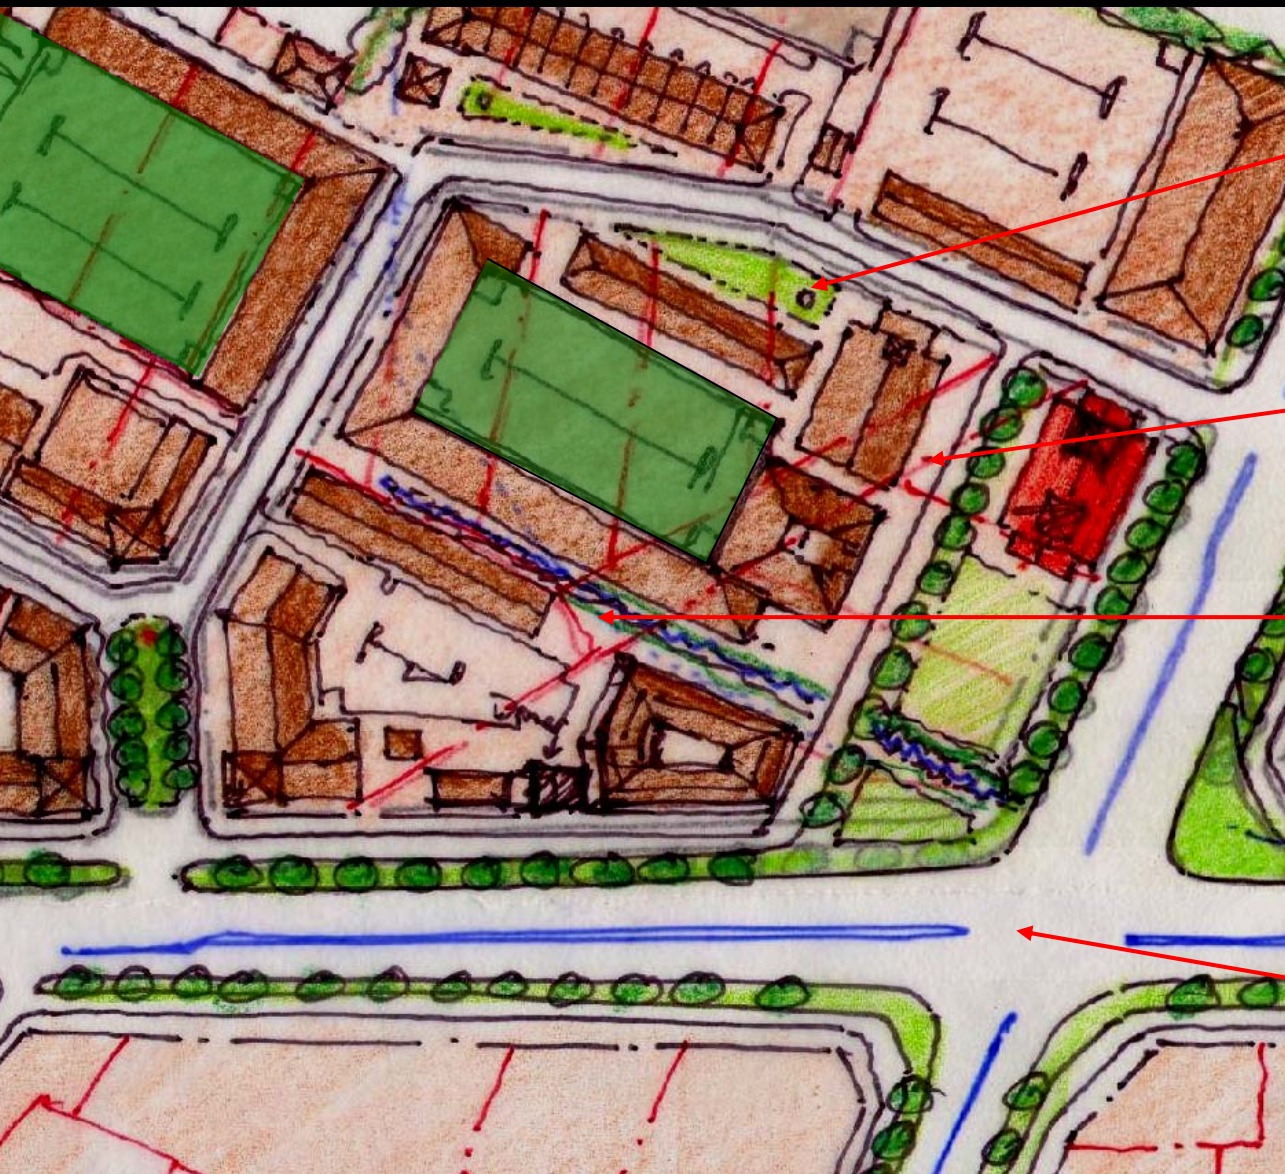

green streets

Portland, Oregon

sustainable stormwater

Multi-purpose facilities (plazas, green roofs)

“Green” Streets

Visible water elements & stormwater art

Adequate storage & runoff control

Finding ways to do “double duty”

stormwater strategy

- slow the water down
- spread it around
- get it in the ground
